How we worked out your charges

Charge	Units	Rate	Amount
Electricity used	318 kWh	25.3p/kWh	£80.45
Standing charge	28 days	51.4p/day	£14.39
VAT at 5%			£4.74
Total charges			£99.58

Why this month's reading is estimated

Your smart meter stopped sending us readings on 14 February — usually a temporary signal problem rather than a fault with the meter. This bill is based on an estimate of 318 kWh.

If you'd rather not wait for the connection to recover, you can read the meter yourself and submit the figure in the app or at [harwood-energy.example/reading](#) — we'll rebill within 24 hours.
