Impersonation scams: a 30-second check

If someone contacts you claiming to be Ferrand Bank, the police, or a utility and asks you to act urgently, stop. Real organisations don't mind you hanging up and calling back on the number printed on this statement.

From 18 May, payments to a new payee set up by telephone banking will also need approval in the Ferrand Mobile app before they are sent.

Interest (variable) you currently pay us on overdrawn balances

Within an arranged overdraft limit: **30.4% NAR · 34.9% EAR**

Without an arranged limit, we simply refuse or return payments — we do not charge unarranged overdraft interest on this account.

Interest (variable) we currently pay you on your credit balance

0.00% AER — this account does not pay credit interest. Our savings accounts are at ferrandbank.example/savings.

Understanding the jargon

EAR (Effective Annual Rate) is the cost of an overdraft stated as a yearly rate that takes account of compounding, but not fees. NAR (Nominal Annual Rate) is the simple yearly rate before compounding. AER (Annual Equivalent Rate) shows what a savings rate would be if interest were paid and compounded once each year. Overdraft interest is worked out daily on the amount you are overdrawn and charged monthly.
