Saving for something bigger?

If you can put money away for a fixed period, our Fixed Rate Saver pays a higher rate than the Instant Saver in exchange for no withdrawals during the term. Compare current rates at ferrandbank.example/savings — you can open one in the app in a few minutes.

Your transactions

Date	Description	Money out (£)	Money in (£)	Balance (£)
	BROUGHT FORWARD			3,679.13
05 May 26	Transfer from Ferrand current account 00918274		150.00	3,829.13

02 Jul 26	Transfer from Ferrand current account 00918274		150.00	4,129.13
31 Jul 26	Interest paid — gross		36.72	4,165.85
	NEW BALANCE			4,165.85

Interest on this account

Your current rate is **3.67% gross / 3.75% AER (variable)**. Interest is calculated daily on your full balance and paid on the last day of each statement quarter. Interest is paid gross, without tax deducted; whether you owe tax on it depends on your personal circumstances and allowances.

What AER means

AER (Annual Equivalent Rate) shows what the interest rate would be if interest were paid and compounded once each year, so you can compare savings accounts fairly. The gross rate is the flat rate before compounding within the year is taken into account.

Withdrawals. The Instant Saver has no notice period and no withdrawal penalty. Transfers to your Ferrand current account arrive instantly.

How your money is protected. Your eligible deposits at Ferrand Bank are protected up to £85,000 per person by the UK deposit guarantee scheme; the limit applies across all accounts you hold with us.

Certificates of interest for each tax year are available from Ferrand Online Banking from mid-April, or on request.

If you have a complaint, contact us first. If you are unhappy with our final response you can refer the matter free of charge to the statutory ombudsman for financial services.
