Caring for your velvet upholstery

Brush weekly with a soft clothes brush following the pile, keep out of strong direct sunlight, and blot spills immediately — never rub. Seat cushion pressure marks are normal for velvet and relax with plumping. Professional cleaning only; do not machine wash covers.

Delivery & returns

Your items were delivered to the room of your choice and packaging removed. If anything isn't right, tell us within 14 days for made-to-order pieces or 30 days for stock items and we'll collect, exchange or refund — see [calderandroe.example/returns](#). Frames are guaranteed for 10 years, cushion interiors and covers for 2 years. Keep this invoice as your proof of purchase.

Goods remain the property of Calder & Roe Furniture Ltd until paid for in full.
Nothing in this invoice affects your statutory rights. Wood is a natural material:

grain and tone vary piece to piece, and colour mellows with light and age — this is character, not a defect.
